PRODUCT INFORMATION

EP₄ Receptor (N-Term) Blocking Peptide

Item No. 101780

Overview and Properties

Contents:	This vial contains 200 μ g of peptide.
Form:	Lyophilized
Storage:	-20°C (as supplied)
Storage Buffer: Stability:	Peptide when reconstituted in 200 μl of PBS or distilled water ≥ 3 years

Procedures

This vial contains 200 μ g of lyophilized peptide. The peptide is derived from the human EP₄ receptor sequence. This blocking peptide can be used in conjunction with Cayman's EP_4 Receptor Polyclonal Antiserum (Item No. 101770) to block protein-antibody complex formation during immunochemical analysis for the EP_4 receptor.

To block antibody/protein complex formation, the following procedure is recommended:

- 1. Mix the EP₄ Receptor Polyclonal Antiserum (Item No. 101770) and blocking peptide together in a 1:1 (v/v) ratio in a microfuge tube. For example, mix 20 μ l of antiserum and 20 μ l of peptide.*
- 2. Incubate for one hour at room temperature with occasional mixing prior to further dilution and application of the mixture to the immunoblot.
- 3. Dilute the mixture to the final working antiserum concentration and apply to the slide or membrane as usual.

*This is a recommended mixture. The minimum amount of peptide needed for complete blocking has not been precisely determined and may vary depending on the sample being analyzed. The amount of peptide required may need to be increased if sufficient blocking does not occur.

WARNING THIS PRODUCT IS FOR RESEARCH ONLY - NOT FOR HUMAN OR VETERINARY DIAGNOSTIC OR THERAPEUTIC USE.

SAFETY DATA

This material should be considered hazardous until further information becomes available. Do not ingest, inhale, get in eyes, on skin, or on clothing. Wash thoroughly after handling. Before use, the user must review the complete Safety Data Sheet, which has been sent via email to your institution.

WARRANTY AND LIMITATION OF REMEDY

uyer agrees to purchase the material subject to Cayman's Terms and Conditions. Complete Terms and Conditions including Warranty and Limitation of Liability information can be found on our website.
