1 Identification

- · Product identifier
- · Trade name: Prostaglandin F2α Alcohol
- Article number: 16012
- Application of the substance / the mixture This product is for research use - Not for human or veterinary diagnostic or therapeutic use.
- · Details of the supplier of the safety data sheet

• **Manufacturer/Supplier:** Cayman Chemical Co. 1180 E. Ellsworth Rd. Ann Arbor, MI 48108 USA

 Information department: Product safety department
 Emergency telephone number: During normal opening times: +1 (734) 971-3335 US/CANADA: 800-424-9300 Outside US/CANADA: 703-741-5970

2 Hazard(s) identification

Highly flammable liquid and vapor. 1319 Causes serious eye irritation. 1360 May damage fertility or the unborn child. 1336 May cause drowsiness or dizziness. Precautionary statements 201 Obtain special instructions before use. 202 Do not handle until all safety precautions have been read and understood. 210 Keep away from heat/sparks/open flames/hot surfaces No smoking. 2240 Ground/bond container and receiving equipment. 2241 Use explosion-proof electrical/ventilating/lighting/equipment. 2242 Use only non-sparking tools. 2264 Wash thoroughly after handling. 2271 Use only outdoors or in a well-ventilated area. 280 Wear protective gloves/protective clothing/eye protection/face protection. 281 Wash thoroughly after handling. 282 Wash thoroughly after handling. 283 Wear protective gloves/protective clothing/eye protection/face protection. 280 Wear protective gloves/protective clothing/eye protection/face protection. 2934+P340 IF INHALED: Remove person to fresh air and keep comfortable for breathing. 2935+P351+P338 If eye irritation persists: Get medical advice/attention. 29312 C	Prostaglandin F2α	Alcohol
 H319 Causes serious eye irritation. H360 May damage fertility or the unborn child. H360 May cause drowsiness or dizziness. Precautionary statements Obtain special instructions before use. Do thandle until all safety precautions have been read and understood. Keep away from heat/sparks/open flames/hot surfaces No smoking. Ground/bond container and receiving equipment. Use only non-sparking tools. Take precautionary dust/tume/gas/mist/vapors/spray Wash thoroughly after handling. Use only outdoors or in a well-ventilated area. Wear protective gloves/protective clothing/eye protection/face protection. Wear protective gloves/protective clothing/eye protection/face protection. Wear protective gloves/protective clothing/eye protection. P304+P340 IF INHALED: Remove person to fresh air and keep comfortable for breathing. P304+P343 If eyes: Rinse cautiously with water for several minutes. Remove contact lenses present and easy to do. Continue rinsing. P304+P343 If eye irritation persists: Get medical advice/attention. Call a poison center/doctor if you feel unwell. P304+P343 If eye irritation persists: Get medical advice/attention. Call a poison center/doctor if you feel unwell. P304+P343 If eye irritation persists: Get medical advice/attention. Call a poison center/doctor if you feel unwell. P304+P345 In case of fire: Use CO2, powder or water spray to extinguish. P405 Extended up. Store in a well-ventilated place. Keep cool. P405 Store in a well-ventilated place. Keep cool. P501 Dispose of contents/container in accordance with local/regional/national/internatio regulations. Classificatio		
 H360 May damage fertility or the unborn child. H336 May cause drowsiness or dizziness. Precautionary statements Do not handle until all safety precautions have been read and understood. Keep away from heat/sparks/open flames/hot surfaces No smoking. Ground/bond container and receiving equipment. Use explosion-proof electrical/ventilating/lighting/equipment. Use only non-sparking tools. Take precautionary measures against static discharge. Avoid breathing dust/fume/gas/mist/vapors/spray Wash thoroughly after handling. Use only outdoors or in a well-ventilated area. Wear protective gloves/protective clothing/eye protection/face protection. P305+P361+P353 If on skin (or hair): Take off immediately all contaminated clothing. Rinse skin w water/shower. P304+P340 IF INHALED: Remove person to fresh air and keep comfortable for breathing. P305+P361+P358 If in eyes: Rinse cautiously with water for several minutes. Remove contact lenses present and easy to do. Continue rinsing. P308+P313 If exposed or concerned: Get medical advice/attention. P307+P313 If exp irritation persists: Get medical advice/attention. P307+P315 Is tore in a well-ventilated place. Keep cool. P403+P235 Store in a well-ventilated place. Keep cool. P404+P235 Store in a well-ventilated place. Keep cool. P405+P235 Store in a well-ventilated place. Keep cool. P501 Dispose of contents/container in accordance with local/regional/natio		
H336 May cause drowsiness or dizziness. Precautionary statements P201 Obtain special instructions before use. P202 Do not handle until all safety precautions have been read and understood. P210 Keep away from heat/sparks/open flames/hot surfaces No smoking. P240 Ground/bond container and receiving equipment. P241 Use explosion-proof electrical/ventilating/lighting/equipment. P242 Use only non-sparking tools. P243 Take precautionary measures against static discharge. P261 Avoid breathing dust/fume/gas/mist/vapors/spray P264 Wash thoroughly after handling. P271 Use only outdoors or in a well-ventilated area. P280 Wear protective gloves/protective clothing/eye protection/face protection. P303+P361+P353 If on skin (or hair): Take off immediately all contaminated clothing. Rinse skin w water/shower. P304+P340 IF INHALED: Remove person to fresh air and keep comfortable for breathing. P304+P330 If exposed or concerned: Get medical advice/attention. P308+P313 If exposed or concerned: Get medical advice/attention. P308+P313 If eye irritation persists: Get medical advice/attention. P3098+P313 If eye irritation persists: Get medical advice/attention. P3094+P233 Store in a well-ventilated place. Keep conl. P403+P235 Store in a well-ventilated place. Keep conl. Trade name: Prostaglandin F2α Alcohol

- · Other hazards
- Results of PBT and vPvB assessment
- **PBT:** Not applicable.
- · **vPvB:** Not applicable.

3 Composition/information on ingredients

· Chemical characterization: Mixtures

• Description: Mixture of the substances listed below with nonhazardous additions.

· Dangerous components:

CAS: 79-20-9 Methy

RTECS: AI9100000

CAS: 13261-27-3 Prostaglandin F2α Alcohol

4 First-aid measures

- · Description of first aid measures
- · General information: Immediately remove any clothing soiled by the product.
- · After inhalation: Supply fresh air; consult doctor in case of complaints.
- After skin contact: Immediately rinse with water.
- After eye contact:

Rinse opened eye for several minutes under running water. If symptoms persist, consult a doctor.

- After swallowing: If symptoms persist consult doctor.
- · Information for doctor:
- **Most important symptoms and effects, both acute and delayed** No further relevant information available.
- Indication of any immediate medical attention and special treatment needed No further relevant information available.

5 Fire-fighting measures

- · Extinguishing media
- Suitable extinguishing agents:
- CO2, extinguishing powder or water spray. Fight larger fires with water spray or alcohol resistant foam.
- · For safety reasons unsuitable extinguishing agents: Water with full jet
- Special hazards arising from the substance or mixture No further relevant information available.
- Advice for firefighters
- · Protective equipment: No special measures required.

6 Accidental release measures

- **Personal precautions, protective equipment and emergency procedures** Wear protective equipment. Keep unprotected persons away.
- Environmental precautions: Do not allow to enter sewers/ surface or ground water.
- **Methods and material for containment and cleaning up:** Absorb with liquid-binding material (sand, diatomite, acid binders, universal binders, sawdust). Dispose contaminated material as waste according to item 13. Ensure adequate ventilation.

PAC-3:	
79-20-9 Methyl acetate	10000* ppm

7 Handling and storage

· Handling:

- · Precautions for safe handling
- Ensure good ventilation/exhaustion at the workplace. Open and handle receptacle with care. Prevent formation of aerosols.
- Information about protection against explosions and fires: Keep ignition sources away - Do not smoke.
 Protect against electrostatic charges.
 Keep respiratory protective device available.
- · Conditions for safe storage, including any incompatibilities
- Storage: Store in accordance with information listed on the product insert.
- Requirements to be met by storerooms and receptacles: Store in a cool location.
- · Information about storage in one common storage facility: Not required.
- · Further information about storage conditions:
- Keep receptacle tightly sealed.

Store in cool, dry conditions in well sealed receptacles.

• Specific end use(s) No further relevant information available.

8 Exposure controls/personal protection

• Additional information about design of technical systems: No further data; see item 7.

Control parameters

Components with limit values that require monitoring at the workplace:

The following constituent is the only constituent of the product which has a PEL, TLV or other recommended exposure limit.

At this time, the remaining constituent has no known exposure limits.

79-20-9 Methyl acetate

- PEL Long-term value: 610 mg/m³, 200 ppm
- REL Short-term value: 760 mg/m³, 250 ppm
- Long-term value: 610 mg/m³, 200 ppm
- TLV Short-term value: 250 ppm Long-term value: 200 ppm

• Additional information: The lists that were valid during the creation were used as basis.

- Exposure controls
- Personal protective equipment:
- General protective and hygienic measures: Keep away from foodstuffs, beverages and feed. Immediately remove all soiled and contaminated clothing. Wash hands before breaks and at the end of work. Store protective clothing separately. Avoid contact with the eyes. Avoid contact with the eyes and skin.
- · Breathing equipment:

In case of brief exposure or low pollution use respiratory filter device. In case of intensive or longer exposure use respiratory protective device that is independent of circulating air. • Protection of hands:

Protective gloves

The glove material has to be impermeable and resistant to the product/ the substance/ the preparation. Due to missing tests no recommendation to the glove material can be given for the product/ the preparation/ the chemical mixture.

Selection of the glove material on consideration of the penetration times, rates of diffusion and the degradation

· Material of gloves

The selection of the suitable gloves does not only depend on the material, but also on further marks of quality and varies from manufacturer to manufacturer. As the product is a preparation of several substances, the resistance of the glove material can not be calculated in advance and has therefore to be checked prior to the application.

Penetration time of glove material

The exact break through time has to be found out by the manufacturer of the protective gloves and has to be observed.

• Eye protection:

Tightly sealed goggles

11 Toxicological information

· Information on toxicological effects

· Acute toxicity:

-		
LD/LC50 values	that are relevant for	classification:
ATE (Acute Tox	icity Estimate)	
Oral	LD50	50,000 mg/kg
79-20-9 Methyl a	acetate	
Oral	LD50	>5,000 mg/kg (rat)
		3,705 mg/kg (rabbit)
Dermal	LD50	>5,000 mg/kg (rabbit)
Inhalative	TCLO	15,000 mg/m³ (hmn)
Irritation of skin	Irritation	500 mg/24h (rabbit)
	Irritation	40 mg/kg/24h (rabbit)
Irritation of eyes	Irritation	100 mg/24h (rabbit)
	Intraperitoneal LD50	70 mg/kg (mouse)

Primary irritant effect:

· on the skin: No irritant effect.

· on the eye: Irritating effect.

· Sensitization: No sensitizing effects known.

• Additional toxicological information: The product shows the following dangers according

The product shows the following dangers according to internally approved calculation methods for preparations: Irritant

· Carcinogenic categories

· IARC (International Agency for Research on Cancer)

None of the ingredients is listed.

• NTP (National Toxicology Program)

None of the ingredients is listed.

· OSHA-Ca (Occupational Safety & Health Administration)

None of the ingredients is listed.

12 Ecological information

- · Toxicity
- Aquatic toxicity: No further relevant information available.
- Persistence and degradability No further relevant information available.
- · Behavior in environmental systems:
- · Bioaccumulative potential No further relevant information available.
- Mobility in soil No further relevant information available.
- · Additional ecological information:
- · General notes:

Water hazard class 1 (Self-assessment): slightly hazardous for water
