SECTION 8 – EXPOSURE CONTROLS/PERSONAL PROTECTION
Engineering controls: Mechanical exhaust required.
General hygiene measures: Wash thoroughly after handling.
Personal protective equipment: Respiratory protection: none
Hand protection: Compatible chemical-resistant gloves.
Eye protection: chemical safety goggles.
Body protection: protective clothing
SECTION 9 – PHYSICAL AND CHEMICAL PROPERTIES
Physical state: Lyophilized powder.
Colour: colourless
Smell (odour): Odourless
pH value (at 25 °C): 6.8 - 7.4
Melting point (°C): No data.
Boiling point ([°] C): No data.
Flash point ([°] C): No data. Inflammability: No data.
Vapour tension (°C): No data.
Solubility in water: soluble.
Partition coefficient a-octanol/water: No data.
SECTION 10 – STABILITY AND REACTIVITY
Stability: Stable.
Conditions to be avoided: heat.
Materials to avoid: acids. Contact with acids liberates very toxic gas.
Hazardous decomposition products: Unknown
SECTION 11 – TOXICOLOGICAL INFORMATION
The product contains sodium azide in total concentration of 0.01%.
Acute toxicity:
LD50 oral rat (mg/kg): 27.
LD50 skin rabbit (mg/kg): 20.
Gingivostomatitis LD50 : unknown.
LD50 inhalation: unknown
The toxicological properties have been not fully evaluated.
Sodium azide is toxic if swallowed, inhaled, or absorbed through skin. May cause eye and skin irritation.
SECTION 12 – ECOLOGICAL INFORMATION
Avoid release to the environment
Runoff from fir control or dilution water may cause pollution.
SECTION 13 – DISPOSAL CONSIDERATION
Substance disposal:

Substance disposal:

Contact a licensed professional waste disposal service to dispose of this material. Dissolve or mix the material with a combustible solvent and burn in a chemical incinerator equipped with an afterburner and scrubber. Observe all federal, state, and local environmental regulations.

SECTION 14 – TRANSPORT INFORMATION

RID/ADR:

No limitation for road transport. IMDG:

No limitation for sea transport.

IATA:

No limitation for air transport.

SECTION 15 – REGULATORY INFORMATION

According to the Act No. 157/1998 Coll. on chemical substances and chemical preparations and on amendments in some other laws and acts, the components contained in the Prion Protein Monoclonal Antibody are non-hazardous substances in said concentrations.

SECTION 16 – OTHER INFORMATION

Warranty:

The above information is believed to be correct but does not purport to be all inclusive and shall be used only as a guide. The information in this document is based on the present state of our knowledge and is applicable to the product with regard to appropriate safety precautions. It does not represent any guarantee of the properties of the product.

Use of product: For R&D use only. Not for drug, household or other uses.
