Safety Data Sheet acc. to OSHA HCS

Date of issue: 03/14/2025

Revision date 03/14/2025

Page 1/10

 Product identifier Trade name: Diquat (bromide) 	
• Synonym 6,7-dihydro-dipyrido[1,2-a:	2',1'-c]pyrazinediium, dibromide
• CAS Number: 85-00-7	
• Other means of identification	
Article number: 26251	
EC number: 201-579-4	
· Index number:	
613-089-00-1	
 Application of the substance / the This product is for research use - Not 	mixture t for human or veterinary diagnostic or therapeutic use.
Details of the supplier of the safety	
Manufacturer/Supplier:	,
Cayman Chemical Co. 1180 E. Ellsworth Rd.	
Ann Arbor, MI 48108	
USA	
Information department: Product sa	afety department
• Emergency telephone number: During normal opening times: +1 (734	4) 971-3335
US/CANADA: 800-424-9300	
Outside US/CANADA: 703-741-5970

• PBT: Not appli	
· vPvB: Not app	
	according to (d)(1)(ii) of § 1910.1200
The SDS issu precursor prod	er does not object to the classifications provided by importers or manufacturers of ucts
	therwise classified
There are no a	dverse physical or health effects known that are not covered by the hazard classes of the unications Standard.

3 Composition/information on ingredients

- · Chemical characterization: Substances
- CAS No. Description 85-00-7 Diquat (bromide)
- Identification number(s)
- EC number: 201-579-4
- · Index number: 613-089-00-1

4 First-aid measures

- Description of first aid measures
- · General information:
- Immediately remove any clothing soiled by the product.

Symptoms of poisoning may even occur after several hours; therefore medical observation for at least 48 hours after the accident.

Remove breathing apparatus only after contaminated clothing have been completely removed. In case of irregular breathing or respiratory arrest provide artificial respiration.

• After inhalation:

Supply fresh air or oxygen; call for doctor.

In case of unconsciousness place patient stably in side position for transportation.

• After skin contact: Immediately wash with water and soap and rinse thoroughly.

(Contd. on page 4)

US

Date of issue: 03/14/2025

Revision date 03/14/2025

Trade name: Diquat (bromide)

· After eye contact:

Rinse opened eye for several minutes under running water. If symptoms persist, consult a doctor.

- · After swallowing: Immediately call a doctor.
- Most important symptoms and effects, both acute and delayed No further relevant information available.
- Indication of any immediate medical attention and special treatment needed No further relevant information available.

5 Fire-fighting measures

- · Extinguishing media
- **Suitable extinguishing agents:** Use fire fighting measures that suit the environment. A solid water stream may be inefficient.
- Special hazards arising from the substance or mixture No further relevant information available.
- Advice for firefighters
- · Protective equipment: Mouth respiratory protective device.

6 Accidental release measures

- · Personal precautions, protective equipment and emergency procedures Not required.
- Environmental precautions: Inform respective authorities in case of seepage into water course or sewage system. Do not allow to enter sewers/ surface or ground water.
- **Methods and material for containment and cleaning up:** Dispose contaminated material as waste according to section 13. Ensure adequate ventilation.
- Protective Action Criteria for Chemicals
- · PAC-1: Substance is not listed.
- · PAC-2: Substance is not listed.
- · PAC-3: Substance is not listed.
- Reference to other sections
 See Section 7 for information on safe handling.
 See Section 8 for information on personal protection equipment.
 See Section 13 for disposal information.

7 Handling and storage

Precautions for safe handling

Thorough dedusting.

Ensure good ventilation/exhaustion at the workplace.

Open and handle receptacle with care.

- Information about protection against explosions and fires: Keep respiratory protective device available.
- · Conditions for safe storage, including any incompatibilities
- Storage: Store in accordance with information listed on the product insert.
- Requirements to be met by storerooms and receptacles: No special requirements.
- · Information about storage in one common storage facility: Not required.
- Further information about storage conditions: Keep receptacle tightly sealed.

(Contd. from page 3)

US

Date of issue: 03/14/2025

Revision date 03/14/2025

(Contd. from page 4)

Trade name: Diquat (bromide)

· Specific end use(s) No further relevant information available.

8 Exposure controls/personal protection

Control parameters

Components with limit values that require monitoring at the workplace:

85-00-7 Diquat (bromide)

REL Long-term value: 0.5 mg/m³

- TLV Long-term value: 0.5* 0.1** mg/m³
 - Skin;*inh. fraction;**resp. fraction, A4

· Additional information: The lists that were valid during the creation were used as basis.

· Exposure controls

- Appropriate engineering controls No further data; see section 7.
- Personal protective equipment:
- General protective and hygienic measures:

Keep away from foodstuffs, beverages and feed.

Immediately remove all soiled and contaminated clothing.

Wash hands before breaks and at the end of work.

Store protective clothing separately.

Avoid contact with the eyes and skin.

· Breathing equipment:

In case of brief exposure or low pollution use respiratory filter device. In case of intensive or longer exposure use respiratory protective device that is independent of circulating air.

· Protection of hands:

Protective gloves

The glove material has to be impermeable and resistant to the product/ the substance/ the preparation. Due to missing tests no recommendation to the glove material can be given for the product/ the preparation/ the chemical mixture.

Selection of the glove material on consideration of the penetration times, rates of diffusion and the degradation

Material of gloves

The selection of the suitable gloves does not only depend on the material, but also on further marks of quality and varies from manufacturer to manufacturer.

· Penetration time of glove material

The exact break through time has to be found out by the manufacturer of the protective gloves and has to be observed.

Eye protection:

Tightly sealed goggles

(Contd. on page 6)

Particle characteristics	Not determined.
Other information	
Appearance:	
Form:	Solid
Important information on protection of hea	lth
and environment, and on safety.	
Ignition temperature:	Not determined.
Danger of explosion:	Product does not present an explosion hazard.

10 Stability and reactivity

· Reactivity No further relevant information available.

· Chemical stability

• Thermal decomposition / conditions to be avoided: No decomposition if used according to specifications.

· Possibility of hazardous reactions No dangerous reactions known.

US

Date of issue: 03/14/2025

Revision date 03/14/2025

(Contd. from page 6)

Trade name: Diquat (bromide)

- · Conditions to avoid No further relevant information available.
- · Incompatible materials: strong oxidizing agents
- Hazardous decomposition products:
- carbon dioxide, carbon monoxide, hydrogen bromide, nitrogen oxides

11 Toxicological information

- · RTECS Number JM5690000
- · Information on toxicological effects
- · Acute toxicity:

· LD/LC50 values that are relevant for classification:

Oral	LDLO	750 mg/kg (man)
	LD50	120 mg/kg (rat)
	LDLO	400 µL/kg (woman)
	LDLO LD50 LDLO Subcutaneous LD50	11 mg/kg (rat)

Primary irritant effect:

- on the skin: Irritant to skin and mucous membranes.
- on the eye: Irritating effect.
- Sensitization: Sensitization possible through skin contact.
- Additional toxicological information:
- · Interactive effects No interactive effects between components are known.
- · Carcinogenic categories
- · IARC (International Agency for Research on Cancer) Substance is not listed.
- NTP (National Toxicology Program) Substance is not listed.
- · OSHA-Ca (Occupational Safety & Health Administration) Substance is not listed.
- · Alternative sources for toxicological information
- No non-standard sources for toxicological information where used.

12 Ecological information

- · Toxicity
- · Aquatic toxicity: No further relevant information available.
- Persistence and degradability No further relevant information available.
- · Bioaccumulative potential No further relevant information available.
- · Mobility in soil No further relevant information available.
- · Results of PBT and vPvB assessment
- · PBT: Not applicable.
- · vPvB: Not applicable.
- Other adverse effects
- · Remark: Very toxic for fish
- Additional ecological information:
- · General notes:
- Water hazard class 3 (Self-assessment): extremely hazardous for water
- Do not allow product to reach ground water, water course or sewage system, even in small quantities. Danger to drinking water if even extremely small quantities leak into the ground.
- Also poisonous for fish and plankton in water bodies.
- Very toxic for aquatic organisms

(Contd. on page 8)

Date of issue: 03/14/2025

Revision date 03/14/2025

Trade name: Diquat (bromide)

(Contd. from page 7)

13 Disposal considerations

· Waste treatment methods

· Recommendation:

Must not be disposed of together with household garbage. Do not allow product to reach sewage system.

· Uncleaned packagings:

• **Recommendation:** Disposal must be made according to official regulations.

UN-Number DOT, IMDG, IATA	UN2811
UN proper shipping name DOT IMDG IATA	Toxic solids, organic, n.o.s. (Diquat (bromide)) TOXIC SOLID, ORGANIC, N.O.S. (Diquat (bromide) Toxic solid, organic, n.o.s. (Diquat (bromide))
Transport hazard class(es)	
DOT

IATA	
Class	6.1 Toxic substances
Label	6.1
Packing group DOT, IMDG, IATA	Ι
Environmental hazards: Marine pollutant:	Environmentally hazardous substance, solid Symbol (fish and tree)
Transport in bulk according to Annex II of MARPOL73/78 and the IBC Code	Not applicable.

Date of issue: 03/14/2025

Revision date 03/14/2025

Trade name: Diquat (bromide)

	(Contd. from page 8
Transport/Additional information:	
· DOT · Quantity limitations	On passenger aircraft/rail: 5 kg On cargo aircraft only: 50 kg
 IMDG Limited quantities (LQ) Excepted quantities (EQ) 	0 Code: E5 Maximum net quantity per inner packaging: 1 g Maximum net quantity per outer packaging: 300 g
· IATA · Remarks:	When sold in quantities of less than or equal to 1 mL or 1 g, with an Excepted Quantity Code of E1, E2, E4, or E5, this item meets the De Minimis Quantities exemption, per IATA 2.6.10. Therefore packaging does not have to be labeled as Dangerous Goods/Excepted Quantity.
 Special precautions for user Hazard identification number (Kemler code EMS Number: Stowage Category 	Warning: Toxic substances e): 66 F-A,S-A B
· UN "Model Regulation":	UN 2811 TOXIC SOLID, ORGANIC, N.O.S. (DIQUA (BROMIDE)), 6.1, I, ENVIRONMENTALLY HAZARDOUS

15 Regulatory information

• Safety, health and environmental regulations/legislation specific for the substance or mixture No further relevant information available.

- · Sara
- · Section 355 (extremely hazardous substances): Substance is not listed.
- Section 313 (Specific toxic chemical listings): Substance is not listed.
- TSCA (Toxic Substances Control Act): Substance is not listed.
- · Hazardous Air Pollutants Substance is not listed.
- · Chemicals known to cause cancer: Substance is not listed.
- · Chemicals known to cause reproductive toxicity for females: Substance is not listed.
- · Chemicals known to cause reproductive toxicity for males: Substance is not listed.
- Chemicals known to cause developmental toxicity: Substance is not listed.
- · Carcinogenic categories
- · EPA (Environmental Protection Agency) Substance is not listed.
- TLV (Threshold Limit Value) A4
- · NIOSH-Ca (National Institute for Occupational Safety and Health) Substance is not listed.
- · Chemical safety assessment: A Chemical Safety Assessment has not been carried out.
