1 Identification

· Product identifier

- [•] Trade name: 1,2-Dipalmitoyl-rac-glycero-3-PG (ammonium salt) MaxSpec® Standard
- · Synonym

hexadecanoic acid, 1-[[[(2,3-dihydroxypropoxy)hydroxyphosphinyl]oxy]methyl]-2-[(1-oxohexadecyl)oxy] ethyl ester, monoammonium salt; 1,2-Dipalmitoyl-rac-glycero-3-Phosphoglycerol;

- Article number: 30358
- · Application of the substance / the mixture For research use only not for human or veterinary use.
- Details of the supplier of the safety data sheet
 Manufacturer/Supplier:
 Cayman Chemical Co.
 1180 E. Ellsworth Rd.

Ann Arbor, MI 48108 USA

- · Information department: Product safety department
- Emergency telephone number: During normal opening times: +1 (734) 971-3335 US/CANADA: 800-424-9300 Outside US/CANADA: 703-741-5970

2 Hazard(s) identification

 Classification of the substance or mixture GHS02 Flame Flam. Liq. 2 H225 Highly flammable liquid and vapor. GHS06 Skull and crossbones Acute Tox. 3 H301 Toxic if swallowed. Acute Tox, 2 H310 Fatal in contact with skin. GHS08 Health hazard Carc. 2 H351 Suspected of causing cancer. H361 Suspected of damaging fertility or the unborn child. Repr. 2 STOT SE 2 H371 May cause damage to the central nervous system and the visual organs. STOT RE 1 H372 Causes damage to the central nervous system, the kidneys, the liver and the respiratory system through prolonged or repeated exposure. **GHS09** Environment

Aquatic Chronic 1 H410 Very toxic to aquatic life with long lasting effects.

Safety Data Sheet acc. to OSHA HCS

Printing date 05/11/2020

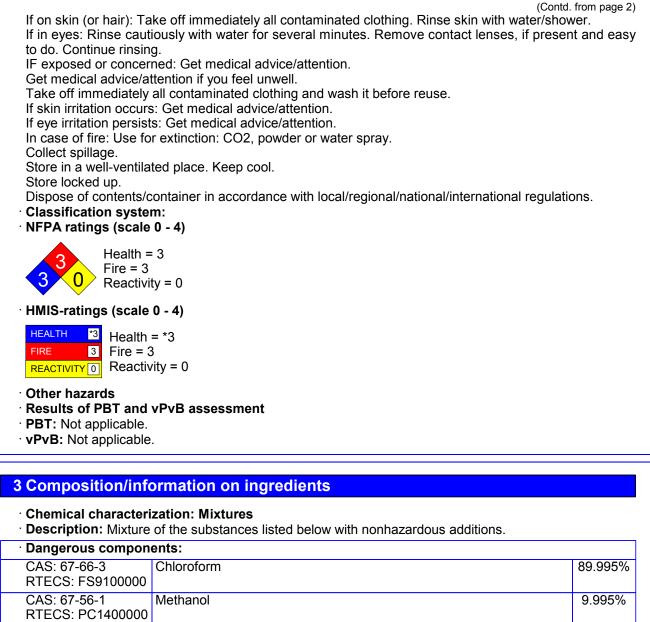

Revision date 05/11/2020

Trade name: 1,2-Dipalmitoyl-rac-glycero-3-PG (ammonium salt) MaxSpec® Standard (Contd. from page 1) GHS07 Skin Irrit. 2 H315 Causes skin irritation. Eye Irrit. 2A H319 Causes serious eye irritation. Aquatic Acute 3 H402 Harmful to aquatic life. Label elements · GHS label elements The product is classified and labeled according to the Globally Harmonized System (GHS). Hazard pictograms GHS02 GHS06 GHS07 GHS08 GHS09 · Signal word Danger · Hazard-determining components of labeling: Chloroform Methanol · Hazard statements Highly flammable liquid and vapor. Toxic if swallowed. Fatal in contact with skin. Causes skin irritation. Causes serious eye irritation. Suspected of causing cancer. Suspected of damaging fertility or the unborn child. May cause damage to the central nervous system and the visual organs. Causes damage to the central nervous system, the kidneys, the liver and the respiratory system through prolonged or repeated exposure. Harmful to aquatic life. Very toxic to aquatic life with long lasting effects. · Precautionary statements Obtain special instructions before use. Do not handle until all safety precautions have been read and understood. Keep away from heat/sparks/open flames/hot surfaces. - No smoking. Keep container tightly closed. Ground/bond container and receiving equipment. Use explosion-proof electrical/ventilating/lighting/equipment. Use only non-sparking tools. Take precautionary measures against static discharge. Do not breathe dust/fume/gas/mist/vapors/spray. Do not get in eyes, on skin, or on clothing. Wash thoroughly after handling. Do not eat, drink or smoke when using this product. Avoid release to the environment. Wear protective gloves/protective clothing/eye protection/face protection. If swallowed: Immediately call a poison center/doctor. Specific treatment (see on this label). Rinse mouth. (Contd. on page 3)

4 First-aid measures

- Description of first aid measures
- · General information:

Immediately remove any clothing soiled by the product.

Symptoms of poisoning may even occur after several hours; therefore medical observation for at least 48 hours after the accident.

In case of irregular breathing or respiratory arrest provide artificial respiration.

• After inhalation: In case of unconsciousness place patient stably in side position for transportation.

(Contd. on page 4) US

Printing date 05/11/2020

(Contd. from page 3)

Trade name: 1,2-Dipalmitoyl-rac-glycero-3-PG (ammonium salt) MaxSpec® Standard

- After skin contact: Immediately wash with water and soap and rinse thoroughly. After eye contact:
- Rinse opened eye for several minutes under running water. If symptoms persist, consult a doctor.
- After swallowing: Do not induce vomiting; immediately call for medical help.
- · Information for doctor:
- Most important symptoms and effects, both acute and delayed May cause anemia, cough, CNS depression, drowsiness, headache, heart damage, lassitude (weakness, exhaustion), liver damage, narcosis, reproductive effects, teratogenic effects. No further relevant information available.
- **Indication of any immediate medical attention and special treatment needed** No further relevant information available.

5 Fire-fighting measures

- · Extinguishing media
- Suitable extinguishing agents:
- CO2, extinguishing powder or water spray. Fight larger fires with water spray or alcohol resistant foam. Special hazards arising from the substance or mixture
- 67-56-1During heating or in case of fire poisonous gases are produced.
- Advice for firefighters
- Protective equipment: Mouth respiratory protective device.

6 Accidental release measures

 Personal precautions, protective equipment and emergency procedures Mount respiratory protective device. Wear protective equipment. Keep unprotected persons away. Environmental precautions: Do not allow product to reach sewage system or any water course. Inform respective authorities in case of seepage into water course or sewage system. Dilute with plenty of water. Do not allow to enter sewers/ surface or ground water. Methods and material for containment and cleaning up: Absorb with liquid-binding material (sand, diatomite, acid binders, universal binders, sawdus Dispose contaminated material as waste according to item 13. Ensure adequate ventilation. Reference to other sections See Section 7 for information on safe handling. See Section 8 for information on personal protection equipment. See Section 13 for disposal information. Protective Action Criteria for Chemicals 	st).
· PAC-1:	
67-66-3 Chloroform	2 ppm
67-56-1 Methanol	530 ppm
PAC-2:

7 Handling and storage

· Handling:

- Precautions for safe handling Store upright and unopened at -20C.
 Warm to room temperature before opening.
 Light sensitive.
 Ensure good ventilation/exhaustion at the workplace.
 Open and handle receptacle with care.
 Prevent formation of aerosols.
 Information about protection against explosions and fires:
- Keep ignition sources away Do not smoke. Protect against electrostatic charges. Keep respiratory protective device available.
- **Conditions for safe storage, including any incompatibilities** Keep container tightly closed. Store in accordance with information listed on the product insert.
- · Storage:
- Requirements to be met by storerooms and receptacles: Store in a cool location.
- · Information about storage in one common storage facility: Not required.
- Further information about storage conditions: Keep receptacle tightly sealed.
- Store in cool, dry conditions in well sealed receptacles.
- Specific end use(s) No further relevant information available.

8 Exposure controls/personal protection

· Additional information about design of technical systems: No further data; see item 7.

Control parameters

	ponents with limit values that require monitoring at the workplace:
	6-3 Chloroform

on the eye: Irritating effect. Sensitization: No sensitizing effects known.	• Primary irritant effect: • on the skin: Irritant to skin and mucous membranes.			
	· on the eye: Irritating effect.			
Additional toxicological information:				
The product shows the following dangers according to internally approved calculation methods				

Toxic

(Contd. on page 9)

Printing date 05/11/2020

(Contd. from page 8)

2B

R

Trade name: 1,2-Dipalmitoyl-rac-glycero-3-PG (ammonium salt) MaxSpec® Standard

· Carcinogenic categories

· IARC (International Agency for Research on Cancer)

67-66-3 Chloroform

· NTP (National Toxicology Program)

67-66-3 Chloroform

· OSHA-Ca (Occupational Safety & Health Administration)

None of the ingredients is listed.

12 Ecological information

- · Toxicity
- · Aquatic toxicity: No further relevant information available.
- Persistence and degradability No further relevant information available.
- · Behavior in environmental systems:
- · Bioaccumulative potential No further relevant information available.
- · Mobility in soil No further relevant information available.
- · Additional ecological information:
- · General notes:

Water hazard class 3 (Self-assessment): extremely hazardous for water

Do not allow product to reach ground water, water course or sewage system, even in small quantities. Danger to drinking water if even extremely small quantities leak into the ground.

Also poisonous for fish and plankton in water bodies.

- Results of PBT and vPvB assessment
- · **PBT:** Not applicable.
- · vPvB: Not applicable.
- Other adverse effects No further relevant information available.

13 Disposal considerations

· Waste treatment methods

· Recommendation:

Must not be disposed of together with household garbage. Do not allow product to reach sewage system.

- Uncleaned packagings:
- · Recommendation: Disposal must be made according to official regulations.
- **Recommended cleansing agent:** Water, if necessary with cleansing agents.

(Contd. from page 11)
Hazard statements
Highly flammable liquid and vapor.
Toxic if swallowed.
Fatal in contact with skin.
Causes skin irritation.
Causes serious eye irritation.
Suspected of causing cancer.
Suspected of damaging fertility or the unborn child.
May cause damage to the central nervous system and the visual organs. Causes damage to the central nervous system, the kidneys, the liver and the respiratory system
through prolonged or repeated exposure.
Harmful to aquatic life.
Very toxic to aquatic life with long lasting effects.
· Precautionary statements
Obtain special instructions before use.
Do not handle until all safety precautions have been read and understood.
Keep away from heat/sparks/open flames/hot surfaces No smoking.
Keep container tightly closed.
Ground/bond container and receiving equipment.
Use explosion-proof electrical/ventilating/lighting/equipment.
Use only non-sparking tools.
Take precautionary measures against static discharge.
Do not breathe dust/fume/gas/mist/vapors/spray.
Do not get in eyes, on skin, or on clothing.
Wash thoroughly after handling.
Do not eat, drink or smoke when using this product.
Avoid release to the environment.
Wear protective gloves/protective clothing/eye protection/face protection.
If swallowed: Immediately call a poison center/doctor.
Specific treatment (see on this label). Rinse mouth.
If on skin (or hair): Take off immediately all contaminated clothing. Rinse skin with water/shower.
If in eyes: Rinse cautiously with water for several minutes. Remove contact lenses, if present and easy
to do. Continue rinsing.
IF exposed or concerned: Get medical advice/attention.
Get medical advice/attention if you feel unwell.
Take off immediately all contaminated clothing and wash it before reuse.
If skin irritation occurs: Get medical advice/attention.
If eye irritation persists: Get medical advice/attention.
In case of fire: Use for extinction: CO2, powder or water spray.
Collect spillage.
Store in a well-ventilated place. Keep cool.
Store locked up.
Dispose of contents/container in accordance with local/regional/national/international regulations.
· Chemical safety assessment: A Chemical Safety Assessment has not been carried out.
