## **1** Identification · Product identifier Trade name: Δ9-THC (CRM) • Synonym 6aR,7,8,10aR-tetrahydro-6,6,9-trimethyl-3-pentyl-6H-dibenzo[b,d]pyran-1-ol · Other means of identification · Article number: ISO60157 · Application of the substance / the mixture This product is for research use - Not for human or veterinary diagnostic or therapeutic use. · Details of the supplier of the safety data sheet Manufacturer/Supplier: Cayman Chemical Co. 1180 E. Ellsworth Rd. Ann Arbor, MI 48108 USA · Information department: Product safety department Emergency telephone number: During normal opening times: +1 (734) 971-3335 US/CANADA: 800-424-9300 Outside US/CANADA: 703-741-5970 2 Hazard(s) identification · Classification of the substance or mixture GHS02 Flame Flammable liquids 2 H225 Highly flammable liquid and vapor. GHS06 Skull and crossbones H301 Toxic if swallowed. Acute toxicity - oral 3 Acute toxicity - dermal 3 H311 Toxic in contact with skin. Acute toxicity - inhalation 3 H331 Toxic if inhaled. GHS08 Health hazard Reproductive toxicity 2 H361 Suspected of damaging fertility or the unborn child. (Contd. on page 2)

### **3 Composition/information on ingredients**

· Chemical characterization: Mixtures

• **Description:** Mixture of the substances listed below with nonhazardous additions.

#### · Dangerous components:

| <b>U</b> 1       |          |       |
|------------------|----------|-------|
| CAS: 67-56-1     | Methanol | 99.9% |
| RTECS: PC1400000 |          |       |
| CAS: 1972-08-3   | Δ9-THC   | 0.1%  |
| RTECS: HP8225000 |          |       |

#### **4 First-aid measures**

#### · Description of first aid measures

General information:

Immediately remove any clothing soiled by the product.

Remove breathing apparatus only after contaminated clothing have been completely removed.

In case of irregular breathing or respiratory arrest provide artificial respiration.

#### • After inhalation:

Supply fresh air or oxygen; call for doctor.

In case of unconsciousness place patient stably in side position for transportation.

- · After skin contact: Immediately wash with water and soap and rinse thoroughly.
- After eye contact: Rinse opened eye for several minutes under running water. Then consult a doctor.
- After swallowing: Do not induce vomiting; immediately call for medical help.
- **Most important symptoms and effects, both acute and delayed** No further relevant information available.

(Contd. on page 4)

US

Date of issue: 02/14/2025

Revision date 02/14/2025

(Contd. from page 3)

#### Trade name: Δ9-THC (CRM)

• Indication of any immediate medical attention and special treatment needed No further relevant information available.

#### **5 Fire-fighting measures**

- Extinguishing media
- Suitable extinguishing agents:
- CO2, extinguishing powder or water spray. Fight larger fires with water spray or alcohol resistant foam. Special hazards arising from the substance or mixture
- 67-56-1During heating or in case of fire poisonous gases are produced.
- Advice for firefighters
- · Protective equipment: Mouth respiratory protective device.

#### 6 Accidental release measures

- Personal precautions, protective equipment and emergency procedures Mount respiratory protective device.
   Wear protective equipment. Keep unprotected persons away.
- Environmental precautions:
   Dilute with plenty of water.
   Do not allow to enter sewers/ surface or ground water.
- Methods and material for containment and cleaning up: Absorb with liquid-binding material (sand, diatomite, acid binders, universal binders, sawdust). Dispose contaminated material as waste according to section 13. Ensure adequate ventilation.
- Protective Action Criteria for Chemicals
- · PAC-1:

67-56-1 Methanol

67-56-1 Methanol

· PAC-3:

· PAC-2:

67-56-1 Methanol

Reference to other sections

See Section 7 for information on safe handling.

See Section 8 for information on personal protection equipment.

See Section 13 for disposal information.

### 7 Handling and storage

• **Precautions for safe handling** Ensure good ventilation/exhaustion at the workplace. Open and handle receptacle with care.

Prevent formation of aerosols.

 Information about protection against explosions and fires: Keep ignition sources away - Do not smoke.
 Protect against electrostatic charges.
 Keep respiratory protective device available.

· Conditions for safe storage, including any incompatibilities

• Storage: Store in accordance with information listed on the product insert.

(Contd. on page 5)

(Contd. from page 4)

#### Trade name: Δ9-THC (CRM)

• Requirements to be met by storerooms and receptacles: Store in a cool location.

- · Information about storage in one common storage facility: Not required.
- Further information about storage conditions: Keep receptacle tightly sealed.

Store in cool, dry conditions in well sealed receptacles.

Specific end use(s) No further relevant information available.

## 8 Exposure controls/personal protection

Components with limit values that require monitoring at the workplace:

The following constituent is the only constituent of the product which has a PEL, TLV or other recommended exposure limit.

At this time, the remaining constituent has no known exposure limits.

| At th   | iis time, the remaining constituent has no known exposure limits.   |
|---|---|
| 67-5  | 6-1 Methanol  |
| PEL   | Long-term value: 260 mg/m <sup>3</sup> , 200 ppm  |
| REL   | Short-term value: 325 mg/m³, 250 ppm<br>Long-term value: 260 mg/m³, 200 ppm<br>Skin   |
| TLV   | Short-term value: 250 ppm<br>Long-term value: 200 ppm<br>Skin; BEIc   |
| · Ingr  | edients with biological limit values:   |
| 67-5  | 6-1 Methanol  |
| BEI   | 15 mg/L<br>Medium: urine<br>Time: end of shift<br>Parameter: Methanol (background, nonspecific)   |
| · Add   | itional information: The lists that were valid during the creation were used as basis.  |
| · App<br>· Pers<br>· Gen<br>Kee<br>Imm<br>Was | osure controls<br>ropriate engineering controls No further data; see section 7.<br>sonal protective equipment:<br>eral protective and hygienic measures:<br>p away from foodstuffs, beverages and feed.<br>ediately remove all soiled and contaminated clothing.<br>sh hands before breaks and at the end of work.<br>e protective clothing separately. |

Avoid contact with the eyes and skin.

· Breathing equipment:

In case of brief exposure or low pollution use respiratory filter device. In case of intensive or longer exposure use respiratory protective device that is independent of circulating air.

Protection of hands:

Protective gloves

The glove material has to be impermeable and resistant to the product/ the substance/ the preparation. Due to missing tests no recommendation to the glove material can be given for the product/ the preparation/ the chemical mixture.

Selection of the glove material on consideration of the penetration times, rates of diffusion and the degradation

(Contd. on page 6)

US

Date of issue: 02/14/2025

Revision date 02/14/2025

#### Trade name: Δ9-THC (CRM)

#### Material of gloves

(Contd. from page 5)

The selection of the suitable gloves does not only depend on the material, but also on further marks of quality and varies from manufacturer to manufacturer. As the product is a preparation of several substances, the resistance of the glove material can not be calculated in advance and has therefore to be checked prior to the application.

## Penetration time of glove material

The exact break through time has to be found out by the manufacturer of the protective gloves and has to be observed.

#### • Eye protection:

Tightly sealed goggles

| · Change in condition  |  |
| · Evaporation rate   | Not determined.  |

## **10 Stability and reactivity**

- · Reactivity No further relevant information available.
- · Chemical stability
- **Thermal decomposition / conditions to be avoided:** No decomposition if used according to specifications.
- Possibility of hazardous reactions No dangerous reactions known.
- Conditions to avoid No further relevant information available.
- · Incompatible materials: oxidizing agents, reducing agents
- · Hazardous decomposition products: reducing agents, carbon monoxide

## **11 Toxicological information**

- · RTECS Number HP8225000
- · Information on toxicological effects
- · Acute toxicity:

- · Toxicity
- Aquatic toxicity: No further relevant information available.
- Persistence and degradability No further relevant information available.
- · Bioaccumulative potential No further relevant information available.
- Mobility in soil No further relevant information available.
- · Results of PBT and vPvB assessment
- · **PBT:** Not applicable.
- **vPvB:** Not applicable.
- Other adverse effects
- · Additional ecological information:
- · General notes:
- Water hazard class 2 (Self-assessment): hazardous for water

Do not allow product to reach ground water, water course or sewage system.

<sup>-</sup> US

Date of issue: 02/14/2025

Revision date 02/14/2025

(Contd. from page 8)

#### Trade name: Δ9-THC (CRM)

Danger to drinking water if even small quantities leak into the ground.

## **13 Disposal considerations**

- · Waste treatment methods
- · Recommendation:

Must not be disposed of together with household garbage. Do not allow product to reach sewage system.

- · Uncleaned packagings:
- Recommendation: Disposal must be made according to official regulations.
- Recommended cleansing agent: Water, if necessary with cleansing agents.

### **16 Other information**

All chemicals may pose unknown hazards and should be used with caution. This SDS applies only to the material as packaged. If this product is combined with other materials, deteriorates, or becomes contaminated, it may pose hazards not mentioned in this SDS. Cayman Chemical Company assumes no responsibility for incidental or consequential damages, including lost profits, arising from the use of these data. It shall be the user's responsibility to develop proper methods of handling and personal protection based on the actual conditions of use. While this SDS is based on technical data judged to be reliable, Cayman Chemical Company assumes no responsibility for the completeness or accuracy of the information contained herein.
